ICT Platform Society (ICTPS) is a non-profit organization which is authorized by MSIP (Ministry of Science, ICT and Future Planning) of Korea Government. The goal of the Society is to share knowledge and experience of ICT (Information and Communication Technology) experts in academia, industry, research institutes, and national/local government, for promoting the development of the ICT platform areas, which cover all aspects of IT, communications, IT convergence, ubiquitous engineering, embedded systems, multimedia computing, biotechnology, and next-generation ICT technology.
